

Level-up your Digital Performance with AutoVerify Dealership Solutions

AutoVerify is proud to be a Certified
Provider in the Jaguar Land Rover
Canada Dealer Digital Solutions program.

AutoVerify Premium Capture

Finally, a solution that makes it easy to get vehicle images captured, edited and uploaded to create stunning online listings using high-quality, OEM-compliant, dealership-branded images.

AV Premium Capture delivers the best quality available with professional, human-edited images that add an extra level of detail and care.

New

Looking to cut costs? Introducing **AV Premium Capture AI** – same capture process, different editing.

Get great quality at a lower price using AI-edited images, while still keeping everything on-brand. Whichever option you choose, you'll get 25 high-res images per vehicle, all ready to go to the platforms you need.

Here's what you can expect:

- Capture vehicles in under 10 minutes
- Simple, user-friendly app
- One image → all locations with auto syndication
- OEM-compliant images

AutoVerify Premium Capture

On-Site Photography Add-On:

I'm an auto dealer... not a photographer!

Get professional results without any extra work by having a professional photographer come to your dealership to capture your inventory. Just schedule a time, choose the vehicles, and we'll do the rest. It's almost like having your own photography team on-call!

Here's what you can expect:

- Access to pro photographers 5X a week
- Flexible scheduling
- Expert vehicle staging
- OEM-compliant, dealership-branded images

This add-on works with both **AV Premium Capture** and **AV Premium Capture AI**.

* Available in select locations. Additional fees may apply for dealers outside of our regular service areas.
